

Abstract Writing Format for The 7th Rajamangala University of Technology National Conference (7th RMUTNC) and The 6th Rajamangala University of Technology International Conference (6th RMUTIC)

Name Surname¹, Name Surname², Name Surname³

Abstract

A research abstract presented Rajamangala University of Technology Conference consists of a brief and concise title written both in Thai and in English showing the main purpose of the study, the authors full names with no titles, and the postal addresses of all authors. The superscript is written above and immediately to the left of each author's surname to identify whose address it is. An abstract should cover the main points in the study including the purpose, the method, the finding and so on. Under the abstract are keywords written in Thai and English for database search. An asterisk is written above and immediately to the left of the surname of the corresponding author whose e-mail address is also given.
